

---

Up to three awards will be offered per year in this category.

The list of past recipients can be found at <https://www.utsc.utoronto.ca/ctl/utsc-teaching-awards>.

This award has been established for Associate Professors and Professors (Teaching Stream and Tenure Stream) who have taught at UTSC for at least five full years. The award is intended to recognize sustained teaching excellence in the classroom

as well as evidence of impact in at least two of the following areas:

- h. Initiatives to enhance and/or support student learning (e.g. the development of student mentoring programs or learning communities, the development of inclusive, accessible, anti-racist and anti-colonial pedagogies, innovative integration of student well-being in curriculum and pedagogy, innovative classroom practices,

A summary of the nominee's teaching responsibilities (courses, supervisory roles, etc.) for the past 5 years should be provided in list or table form. The summary should indicate:

- the course code and name
- enrollment numbers
- course level (undergraduate/graduate).

If in a given period no or fewer courses are taught (due to a leave, for example), or if significant work to enhance learning was completed outside of the classroom (such as the development of experiential education initiatives or small-

deliberations in recognizing the limitations of course evaluations as a primary measure of teaching effectiveness.
