EES A06: Introduction to Planet Earth

Summer 2016

10 online lectures

Professor Nick Eyles

Introduction

This course consists of 10 lectures (available online), a mid-term and final exam worth 50% each.

Despite what it may appear at times in lectures, this is not a course about motorcycles but is an introductory geoscience course aimed at anyone in the sciences or humanities. If you do like motorcycles so much for the better. As a geologist I do a lot of fieldwork in various parts of the globe and I often use two wheels instead of four. If you want to know more about me and what I do I have added a file on BB to go with this course outline. For me life is a journey
