## ASSIGNMENTS

There are no tutorials in this course. TA will hold office hours to help with assignments. I would suggest you to attend office hours of TA regularly since he will mark your assignments. Students are encouraged to actively consult with the TA regarding any problems or questions about the preparation of the assignment. You will have two assignments during the term, assignment #1 worth 12.5% and assignment #2 worth 12.5% of the final grade. You will be able to access the problem sheets on the Blackboard at the times detailed below. Completed exercises must be placed in the box outside SW-511A, by **5 pm** on the dates shown. More details on the assignments will be circulated during the term.

Feel free to discuss the assignments with your classmates, but be sure to write the assignments using your own individual words and ideas. **Each student is expected to write independently and submit all assignments as their own work**, and to acknowledge with **citations** any personal communications which contributed ideas for their assignment.

**ASSIGNMENTS SUBMITTED LATE WILL NOT BE ACCEPTED. EXTENSION WILL BE GRANTED ONLY WITH MEDICAL NOTE or under some very serious circumstances.**

You should use a word processor for your written responses. Your document should conform to the following: 25.4 mm margins, single-spaced, 12-point print size. The document must bear a name, signature, student number, date and TA name. Calculations may be handwritten.7, stud
