

## ASSIGNMENTS/TUTORIALS

You will have 4 assignments during the term, worth 40% of the final grade. The idea of the assignments is to teach you some practical hydrological skills and introduce you to some of the common instrumentation used by hydrologists in the field. We will be taking advantage of the field demonstration plot, located behind the Science Research Building, for example. Note that you WILL be going outside (rain or shine) during your tutorial. Please dress accordingly (jackets and a decent pair of flat shoes are the minimum recommended). In addition to this, y

annotate the presentation slides with the important things I might say. All lecture notes will be posted on the Blackboard prior to each scheduled lecture.

Email policy: If at all possible, every effort should be made to meet, in person, with either Professor Mitchell or the TA(s) for questions pertaining to the course and assignments. Short emails will usually be answered with appropriate, short responses. Long, drawn out questions and/or questions pertaining to very general subjects, which are likely to be of interest to the entire class, should be posted on the Blackboard (Discussion Board module) so that the entire class may benefit from the answer. All emails should be sent via a [O.utsc.utoronto.ca](mailto:O.utsc.utoronto.ca) or [O.utoronto.ca](mailto:O.utoronto.ca) email address. Emails from other domains will be lost to spam filters and not responded to.

## LECTURE OUTLINE / SCHEDULE

## ACCESSIBILITY STATEMENT

Students with diverse learning styles and needs are welcome in this course. In particular, if you have a disability/health consideration that may require accommodations, please feel free to approach me and/or the AccessAbility Services Office as soon as possible. I will work with you and AccessAbility Services to ensure you can achieve your learning goals in this course. Enquiries are confidential. The UTSC AccessAbility Services staff (located in S302) are available by appointment to assess specific needs, provide referrals and arrange appropriate accommodations. (416) 287-7560 or [ability@utsc.utoronto.ca](mailto:ability@utsc.utoronto.ca).

## STUDENT CODE OF CONDUCT

Please arrive promptly for lecture and do not forget to turn off cell phones and laptops. You are fully expected to abide by the Code of Student Conduct as set out by The Governing Council at the University of Toronto (<http://www.utoronto.ca/govcncl/pap/policies/studentc.html>). This document defines the standards by which students are to conduct themselves within class and within the University community at large. Please be advised that misconduct of any form will not be tolerated
