

Required Items for the Lab:

Students must purchase a lab manual from the UTSC bookstore before their first lab. Manuals from past semesters may not be used. In addition to the lab manual, students will also need a hard- goggles or a lab coat, you may purchase these items from the UTSC bookstore, or from the Environmental and Physical Sciences Student Association (EPSA). Details on these items, as well as important instructions on preparing for your first lab period can be found in the introductory pages of your lab manual. Make sure you read them before your first lab!

Online WHMIS Videos and Safety Quiz:

Before arriving to your first lab period, you will be required to watch a series of WHMIS laboratory safety videos and complete an online safety quiz. These are found on your Blackboard homepage and listed as: Workplace Hazardous Materials Information System. Follow the instructions presented there. You must achieve a score of 80% or better on the quiz to be allowed to enter the lab. Once you have completed the quiz, print out a hard copy of your results showing your name and quiz score. You must give this sheet to your TA as you enter the lab on your first lab day. Showing it to the TA on your phone is not adequate; a paper e the quiz in previous semesters for other courses, it must be repeated for the current semester.

Lab Skill Seminars:

To help you prepare for your labs, there will be a one-hour seminar offered the week before the start of each new experiment. These will be held on Fridays on the following dates:

Friday May 11th (Experiment 1)

Friday May 25th (Experiment 2)

Friday June 29th (Experiment 4)

Friday July 20th (Experiment 5)

The exact time and location

For those of you who cannot make the set times, the seminars will be recorded and posted on Blackboard. Please note, however, that the seminars will not run if fewer than 5 students show up. This is as a courtesy to your lab demonstrators who will be running the seminars, and who would not the seminars

Course Schedule:

Week of	Lectures (view <i>before</i> tutorial)	Corresponding Textbook Readings	Tutorial Topic	Labs
May 7th	1 to 3	5.1-5.10	Chapter 5

May 28th	10 to 12	10.8-10.10, 13.1-13.4.2	Chapter 10 (part 2)	
June 4th	13 to 15	13.4.3-13.5	Chapter 13 (part 1)	
June 11th	16 to 18	13.6, 14.1-14.6		

Academic Integrity:

Academic integrity is one of the cornerstones of the University of Toronto. It is critically important both to maintain our community which honours the values of honesty, trust, respect, fairness and responsibility and to protect you, the students within this community, and the value of the degree towards which you are all working so diligently.

According to Section B of the University of Toronto's Code of Behaviour on Academic Matters <http://www.governingcouncil.utoronto.ca/policies/behaveac.htm> which all students are expected to know and respect, it is an offence for students to:

To use someone else's ideas or words in their own work without acknowledging that those ideas/words are not their own with a citation and quotation marks, i.e. to commit plagiarism.

To include false, misleading or concocted citations in their work.

To obtain unauthorized assistance on any assignment.

To provide unauthorized assistance to another student. This includes showing another student completed work.

To submit their own work for credit in more than one course without the permission of the instructor.

To falsify or alter any documentation required by the University. This includes, but is not limited to, doctor's notes.

To use or possess an unauthorized aid in any test or exam.

There are other offences covered under the Code, but these are by far the most common. Please respect these rules and the values which they protect. Offences against academic integrity will be dealt with according to the procedures outlined in the Code of Behaviour on Academic Matters.
