Lectures and Lab exercises:

throlT#TOa0.0000

ALL students are expected to attend ALL lectures. It is the responsibility of the student to ensure that notes are obtained for any classes missed.

Labs are mandatory for all students and the respective assignments are graded. During tutorials you will have a chance

Additional required safety equipment (e.g. hard hats, additional safety goggles) will be supplied by the department.

Additional information will be given in timely manner, as it is still unclear if it will be a 1 or 2-day trip (accommodation, equipment such as sleeping bag etc.)!

<u>i-clicker (Lecture participation) – Individual submission:</u>

i-clickers are mandatory for this class and they will be used for participation marks during the lectures (I-clicker). Total participation is worth 4% of the final grade (grade is not based on right answer, but participation). We will start using/testing the I-clickers in the first week. Graded participation will start in the second week (Lecture 2). You can miss up to 20% of the I-clicker participation without losing marks. If your participation is between 80-70% off all lectures, you will get the full 4% If your participation is between 70 and 50% you will get 2% of the participation mark. If your participation is below 50% no participation marks will be given (0%).

Final Examination:

The final examination is cumulative and will be scheduled by the University and held during the December examination period. The exam will contain multiple choice, true and false and short answer questions. Figures, movies and animations are examinable, as are in-class participation/lab type exercises. The exam will be more heavily focused on post-midterm material. The assigned readings are examinable, the material covered in lecture is weighted more heavily than the readings.
